Our Petite Loveseat (2 seater) was inspired by the LC2 Loveseat and is made by us at our own factory. The frame is made of high gauge tubular stainless steel, polished to a mirror-like finish, with mitered frame corners ground to a soft radius. The feet have adjustable height glides. The webbing is 2" nylon with hooks to hold it in the frame.

We use top-grain, leather on all exposed cushion surfaces. Inside each cushion is high density, HR (High Resilient), Multi-Density polyurethane foam. Surrounding the foam on the side and back cushions is Dacron wrap and the top of the seat cushions have a "pillow" of goose/duck down feathers, then wrapped in the Dacron.
