DESCRIPTION

Eero Saarinen, created his Pedestal Collection in the mid-1950s. An integral part of the series, the Tulip Table mimics the same sleek design and pedestal base of the wildly popular Tulip Chair. This stunningly simplistic table is versatile, beautiful and ready to transform your space.

Our table is custom made for us with the standard table height of 29.5 inches (not 28.5 inches like most other sellers have), and we offer a quartz top with the same edge detail as the original.

Quartz is a durable, nonporous material, most commonly used on countertops. Quartz has a variety of different colors and textures, and we have chosen Quartz has a variety of different colors and textures, and we have chosen three colors of tops to use on our Saarinen Style Tulip Tables: solid white quartz, white quartz with grey veins and black quartz with white veins. By its simplicity, it can complement any design choice. This material also comes with a stain resistant finish that gives it a longer life free of discoloration. We have decided to discontinue our offering of Carrara Marble tops due to long term performance of this material. Between the continual upkeep and lack of stain protection offered, we believe the quartz is a superior production for the same look.

WOOD CHOICES

Our version of the Eero Saarinen designed Tulip Table is an excellent replacement for the official version of this table sold at Design Within Reach, Knoll and Hive Modern. It is also way better than the low-market versions you will find on

the market. Beside the obvious price difference, the following list highlights a few of the key differences:

Feature	Official Versions	Ours	Low-Market
Table Top	Wood and Italian marble	Quartz in 3 colors	Chinese Marble
Table Height	28.5"	29.5"	28.5"
Base Shape	Official Version	Similar	Similar
Base Colors	White Only	White and Black	White Only
Stain Resistant Top	No	Yes	No
