DESCRIPTION

Our frame is constructed from premium grade solid bar stock stainless steel. All joints are fully welded, sealed, and seamless. The frame is hand-polished to a mirror-like finish. The geometry of the frame is accurate to the Mies van der Rohe original design. Four snaps attach the back cushion to the frame; 2 snaps and a belt attach the bottom cushion to the frame.

The cushion surfaces consist of 64 individual top-grain leather panels; each piece is cut and hand-sewn using a hand-rolling welting technique not found similar loveseats on the market. The seat and back cushions are filled with high resilient - high density polyurethane foam that is CAL117 flame test rated. The cushions are supported by leather straps riveted to the frame and whose top and side edges match upholstery color.

Some Key Points to consider:

- Made in USA: We weld and polish our frame right here in Bellingham Washington, which closely matches the original brand;
- We sourced and designed our own leather colors from Italian tanneries;
- We use genuine cowhide belting finished on all sides;
- We closely adhere to the sewing details of the original brand such as hand-sewn welting (piping), dime-sized leather buttons, angled cushions and stainless steel snaps.
- We assembly the components for this model in Bellingham WA; and

- We offer customizing options such as powder coated frames and customer's provided leather
