Our Florence Knoll Style Bench - 48 wide version is inspired by the 1950s bench designed by Florence Knoll. Our bench is handmade using modern furniture construction techniques for superb seat comfort and durability. The cushion surfaces on this model consist of individual panels which are hand-sewn together using a straight stitching between the buttons. All models have the welting (piping) around the perimeter edges of the cushion and frame. Exposed legs and frame are made of 14 gauge 1 inch square stainless steel tubing polished to a mirror-like finish. Our construction techniques provide a solid bench perfect for commercial and residential applications.
