Eero Saarinen, created his Pedestal Collection in the mid-1950s. An integral part of the series, the Tulip Table mimics the same sleek design and pedestal base of the wildly popular Tulip Chair. This stunningly simplistic table is versatile, beautiful and ready to transform your space.

Featured here in the Quartz top and gloss white aluminum base. Our table is custom made for us with the standard table height of 29.5 inches (not 28.5 inches like most other sellers have), and we offer a quartz top with the same edge detail as the original.

Quartz is a durable, nonporous material, most commonly used on countertops. Quartz has a variety of different colors and textures, and this quickship is one of the chosen colors of tops: Black Quartz with White Veins. This material also comes with a stain resistant finish that gives it a longer life free of discoloration. By its simplicity, it can complement any design choice.
