DESCRIPTION

In 1968, Sigurd Ressel became the chief designer for Norwegian furniture company Vatne, and his seminal Falcon Chair (1970) soon followed. Originally, the hammock-like chair was produced with a chrome frame, but was redesigned with a lighter laminated base in 1974 for easier distribution. This is a wonderful addition to any art deco home, or the modern contemporary home.

Our Falcon Footstool was inspired by the original. We use heavy canvas for the hammock effect. Italian Leather and a combination of foam and feathers are in each cushion. The Beech Veneer Bentwood frame is only available in one color as shown. We also make a metal version of this footstool, see product number MC-7704 for this item.

- Semi aniline-dyed (standard) and 100% aniline-dyed (premium)
- Made at Italian tanneries and sent to our factory

We are happy to mail you a physical piece of leather so you can hold it in your hands.

Our **Smooth Premium leathers** are top-grain, aniline-dyed, have a soft feel to them and most of the hides natural grain patterns are retained. Our **Distressed Leathers** (denoted with the prefix L5) are also top-grain, aniline-dyed but have a distressed look to them. L5 leathers will show rubbings and have a more waxy feel. All our leathers are considered equally durable and are ideal for home or commercial use. To read more about leather, read our [A Guide to Understanding Upholstery Leather: A Primer](#).
