### DESCRIPTION

George Nelson introduced the Swag desk in 1958.

Our version of the Nelson Swag Desk features modern enhancements such as, a grommet for wire management and a storage slot that can house most laptop sizes. The drawers include molded plastic removable organizers for all your office needs. Our version of the Swag Desk is very sturdy, featuring stainless steel legs and solid walnut trim. The bright dividers give your work station a vibrant pop of color against the solid white desk top. This desk puts the "fun" in functional.
